The Privilege of Prayer

“Even them will I bring to my holy mountain, and make them joyful in my house of prayer: their burnt offerings and their sacrifices shall be accepted upon mine altar; for mine house shall be called a house of prayer for all people. The Lord God, which gathereth the outcasts of Israel saith, Yet will I gather others to him, beside those that are gathered unto him” (Isaiah 56:7-8).

What a blessing he truly has been to me. When I think about Calvary and the sacrifice that Jesus made, I have to repent all over again for my attitudes. It never ceases to amaze me that the Lord would die for me. Who am I? I know my background. I know the grave errors I have made. I live daily with the reminders of bad decisions made decades ago; yet, he loves me. He even loves me when I complain like an “Israelite.” (*whining about unimportant things, instead of trusting God to deliver from bondage.*)

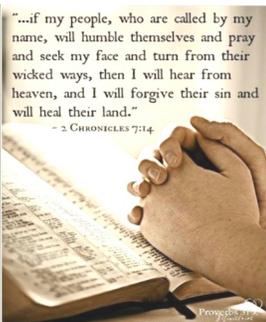

Not only will the Lord bring us to a place of refuge, he also promises to make us joyful in his house of prayer. There is no other response but to be joyful when you are allowed to be in the presence of Jehovah God. When the Lord enters the sanctuary, lives are changed, and we begin to realize that we are so blessed to have a Savior who knows how to meet every need that we may have. He doesn't always answer at the split second that we call, sometimes he must custom fit our answered prayer and that takes time to bring to pass.

We can rest assured that when the answer does come, it will be the best solution and timing of all records. The Lord's will is perfect. It is a privilege to pray. Sometimes it may seem that you aren't getting the results that you'd like when you pour out your heart day after day. It may look like the enemy has won: but don't quit! Jesus Christ has already won the battle that you are facing. He has already made a way of escape.

“Seek ye the Lord while he may be found, call ye upon him while he is near: Let the wicked forsake his way, and the unrighteous man his thoughts: and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon” (Isaiah 55:6-7).

He tells us that he will not forget us because we are carved into the palms of his hands, which is an eternal reminder that we are his children.

What a friend we have in Jesus, all our griefs to bear;
What a privilege to carry, everything to God in prayer.
Oh what peace we often forfeit,
Oh what needless pain we bear,
all because we do not carry, everything to God in prayer.

Somethings to Consider....

A little girl - the 20th of 22 children, was born prematurely and her survival was doubtful. When she was 4 years old, she contracted double pneumonia and scarlet fever, which left her with a paralyzed left leg. At age 9, she removed the metal leg brace she had been dependent on and began to walk without it. By 13 she had developed a rhythmic walk, which doctors said was a miracle. That same year she decided to become a runner.

She entered a race and came in last. For the next few years every race she entered, she came in last. Everyone told her to quit, but she kept on running. One day she actually won a race. And then another. From then on she won every race she entered. Eventually this little girl - Wilma Rudolph, went on to win three Olympic gold medals.

When Thomas Edison invented the light bulb, he tried over 2000 experiments before he got it to work. A young reporter asked him how it felt to fail so many times. He said, "I never failed once. I invented the light bulb. It just happened to be a 2000-step process."

In the 1940s, another young inventor named Chester Carlson took his idea to 20 corporations, including some of the biggest in the country. They all turned him down. In 1947 after seven long years of rejections, he finally got a tiny company in Rochester, New York, the Haloid company, to purchase the rights to his invention - an electrostatic paper-copying process. Haloid became Xerox Corporation.

A school teacher scolded a boy for not paying attention to his mathematics and for not being able to solve simple problems. She told him that he would not become anybody in life. The boy was Albert Einstein.

When Alexander Graham Bell invented the telephone in 1876, it did not ring off the hook with calls from potential backers. After making a demonstration call, President Rutherford Hayes said, "That's an amazing invention, but who would ever want to see one of them?"
